

Khot Thai
for true Thai flavour

BEVERAGES

Khot Thai became fully licensed for alcohol in December 2017. As a result of this, **BYO** alcohol is now restricted to your own favourite red, white or sparkling wines. A corkage levy of **\$4 per consumer** applies for these wines.

We now carry a good selection of popular beers, spirits and a selection of wines that we feel offer a good match to the flavours of Thai food. We also offer **AND RECOMMEND** our range of **quality sake** (Japanese rice wine) which complements our food exceptionally well and is now popular in Thailand.
